Theme Of The Year - *Junia ~ Beautiful Thinking*

Principal's Message

Human beings are resilient to any change and slowly and steadily we are back to normal and get used to the events and situations in life. That is what life is, full of challenges, risks, difficulties and adjustments. We live in a society and society is made up of people, who are pleasant, not so pleasant but we need each other to grow, to challenge us to move ahead. The school is such a place where we learn to inculcate values of love, affection, adjustment, and respect for every religion, caste and creed. The Bible (Proverbs 22:6) says "Train up a child in the way he should go; and when he is old, he will not depart from it." Through all the activities of the school be it academic or co-curricular, the school aims at the all round development of the whole person, spiritual, moral intellectual, emotional, cultural, physical, aesthetic and social thus making our students fully human, knowledgeable, dignified, loving, forgiving, compassionate, committed and responsible citizens of our beloved country. We thank the parents for their whole hearted co-operation in their Child's growth. Swami Vivekananda lays a lot of emphasis on the environment at home and school for the proper growth of the child. The Parents as well as the teachers should inspire the child by the way they live. Aristotle says "Educating the mind without educating the heart, is no education at all." Many are educated but few are educated in mind and heart. We need today men and women who are more humane, in a world that is torn apart with communalism, egoism, war, political unrest and bombarded with social media. We need persons of character, as Martin Luther King said "We must remember that intelligence is not enough, intelligence plus character — that is the goal of true education. Dr. A. P. J. Abdul Kalam said "A citizen with a value system respects the family, respects Society and thereby respects the Nation" let us put in efforts to build a strong nation of peaceful co-existence.

PRINCIPAL (Rev. Sister Meena)

Editorial

The School is an incarnation of self-respect, love, affection, sensibility, responsibility and compassion which puts the students into a 'state of flow' and makes them genuinely want to learn. This School attains its eminence in the first place through the achievement of children. This newsletter also espouses the School spirit which is built up within the school through the collective actions thoughts and aspirations. All these, I believe would spur higher growth and enterprise in children.

This Souvenir is indeed a pious attempt to make our budding talents give shape to their creativity and learn the art of being aware. The humble initiative is to set the budding minds free, allowing them to roam free in the realm of imagination and experience to create a world of beauty in words. The enthusiastic write ups of our young writers are indubitably sufficient to hold the interest and admiration of the readers.

Helen Keller rightly says that "The world is moved along not only by the mighty shoves of its heroes, but also by the aggregate of the tiny pushes of each honest worker."

I take this opportunity to thank Ma'am Shobha Akhtar, Ma'am Reena Chhatwani and Ma'am Sunita Tiwari, the Board members of the Editorial for their sincere support, who helped in sorting out from the umpteen number of articles we had received from our enthusiastic and inquisitive young writers, edited them and finally made a fair draft. Assimilating the core value of persistent pursuit, this edition of the newsletter is an amalgamation of the joint efforts of our members.

I am extremely thankful to Reverend Sister Principal who confided in us for the editorial responsibility. Although emulating the zeal and passion of our pioneering Sisters is a thought beyond practicality, I shall still, always strive to carry their legacy forward.

Rising above challenges we are making sustained efforts to carve a niche of our own. We are profoundly grateful to our Principal Sister who at the helm of affairs steered the ship of St. Patrick's successfully and dexterously through the scholastic year.

With best wishes to my readers, I leave you to browse through the pages of this issue hoping that this souvenir stirs your critical acclaim and further hope that this newsletter goes on to become the 'lingua franca' of our School.

Happy Reading!

Teachers - I Love You

Teacher,
I Love You

Ocean of wisdom and knowledge too
Teachers - I love you
Best in caring and loving too
Teachers - I love you
You are the best mentor and guide too
Teachers - I love you
Sweeter than honey and sugar too
Teachers - I love you

The Youth

This is the 21st century we are living in. Today's generation is engaged in different sorts of activities. These activities are considered to be tonic. The children are 24/7 glued to the screens of their mobile, laptops, or tablets, not only this, but they are also involved in the vigorous and aggressive type of video games. The youth is so addicted to all these materialistic things that they are unknowingly depriving themselves of all the joys and pleasures which a 90's kids used to experience. We should encourage today's youth to get more involved in social activities and help them to distance themselves from all these malignant manmade stuffs.

Nature

Nature is the best Friend of ours.
It gives us lovely fruits and flowers.
Gardens, parks, fields and farms.
Cheer us all with beauty and charm.

Birds and animal, trees and plants;
We must love them, nature wants.
River, mountains, sea and lakes,
How wonderful scene the nature makes.
Save them, whatever nature brings;
Trees, birds, rivers and springs.

Never Give Up

Stand tall
dig your feet into the earth,
and feel the roots and vines of strength,
wrapping themselves around your feet,
staining your foot print into the dirt.

Hold on clutch the rope salling all of your strength
to cement your hands around it, leaving the unique
swirls of your fingers.

Believe in your mind that we care,
and that we are here to catch you if you fall.
We are here to push you back onto your feet.
We will stand by you while you show the world,
that you aren't backing down.

SCHOOL

The learning process is a beautiful thing ! Success is the only thing that comes to my mind when I enter my school. The most precious gift I have got in this life is that I am part and parcel of St. Patrick's Vidya Bhawan family. Deep down, every good teacher knows the impact and importance of education. It isn't just about learning, reading, writing and arithmetic at school. Instead, formal education is about gaining the knowledge and the skills needed to become a better person and create a better society to live in.

One of the benefits of education is that it can broaden a student's horizon, helping her to understand more about other cultures and corners of the world beyond the school door.

My school has helped many bright students to nurture their talents and forming a bright future and setting a strong example for students like me. I am very much confident as I enter my secondary level of education that I can be in a position where I can stand out for myself in various competitions and also life journey.

"Give a man a fish and you will feed him for a day; teach a man to fish and you will feed him for a lifetime." that's how education makes a difference !

"Education is that which remains when one has forgotten everything he learned in school." - as said by Albert Einstein.

VILLAGES OF INDIA

I WONDER; how beautiful it is
in green grass
in pure streams of cold water
in natural air, with trees everywhere.
how beautiful it is in the villages
with no air pollution; with no litter
only beauty of Mother Earth
with trees, grass, flowers and virtuous community
I long to be there
and make myself healthy.
in the country side fresh air.

Dreams that are too surreal for reality

I thought of all those feelings that felt surreal to me,
is it the cold breeze on an exceptionally appeasing night?
Or is it my dreams that are too toilsome to be brought to
reality. Will it still bring me happiness if I got all that I strived
to see? Will being away from home and still finding home
bring me delight. Why am I afraid of things that are going
to bring me crazy excite? If I achieve one out of million
dreams I see, will I not long for others in my sight?
Will there be any emotions then that I'll be able to resist?
If I achieve all that I wanted, will these memories be a part
that I will reminisce.

PROCRASTINATION AND TIME MANAGEMENT

Procrastination is the act of delaying or postponing a task repeatedly. It is the force that prevents one from following through on what he/she has set out to do. Procrastination is in inverse relation with time. When we keep on procrastinating a task, at the end on shortage of time we apply shortcuts, which in turn leads to a decrease in productivity and the quality of the task. On the contrary, if we learn to conquer over procrastination, we will never be overloaded by our duties and will be able to invest our time in the development of new skills. Time management and overcoming procrastination is one of the biggest challenges for teenagers and young adults nowadays. Most of us procrastinate. We feel guilty about it and criticise ourselves for it. But we are not able to overcome this habit. There can be hundreds of methods and strategies being given to overcome procrastination. But in the end it is one's strong will and determination through which one can, not only vanquish procrastination but can also dominate over any challenges of life.

Parents

Parents are the gift of God,
a gift that deserves a huge applaud.
They are like a rainbow in the sky,
with many colours that shine so bright.
Everyday a different face,
rarely angry often showing love and grace.
They do everything for our sake.. to make
us strong, truthful and not fake.
Through their pains, so much I gain
how could I pay them back again,
Your picture in my heart I host,
Mumma and Papa I love you, the most.

On Robert Frost

Oh! Dear Frost,
You became a legend but at what cost?
You are filled with grief,
although your words may provide relief,
to people suffering alone, and shivering with fright,
but, you are never remembered in moments
merry and bright.
Oh! Dear Frost, you are great
But at what cost?

Old Age Homes... Is it a need in India????

Our country is known for its culture and heritage. We have been practising the joint family system for years. Old age Home is like an alien to us. It has destroyed our moral values. Old people are just like children. They need utmost care, love and affection. They expect their children to look after them when they have grown terribly old. But kids these days forget to hold those shivering hands..... those which ones held theirs. Are we to pay them back by sending them to the Old Age Homes ???? Let's do everything in our might to ensure that they are well taken care of and are comfortable in their own houses with their loved ones around.

CHAOS MACHINE

THE CHAOS MACHINE

The horror of living in a world with no technology and social media is a nightmare for most of the people, the young and the old. We just cannot imagine a world without it. No matter how much of benefits that we gain from it, but still 'Is it OK to be its slave'????? Absolutely NOT. It is drifting us gradually away from humanity, away from our own, away from NATURE...we have to refrain from the shackles of social media tied rigidly in our minds, slowly feeding on us making us more unrealistic than ever before. We need to be its MASTER, dominate it and dictate the way we want it to be used. Let us look up from it and see the sky which is full of stars, more majestic than the white screen.

WE : THE WOMEN

We are the world, the essence of life,
sometimes a daughter, sometimes a wife.
We provide you life, don't kill us in the womb,
let us rise, for we owe to whom ?

Sure we will pass all test and trials,
have potential can reach extra miles.
We are the ones, till moon we reach,
the aeroplanes fly, lies in our teach.
The train, the bus, the kitchen, the trade,
no place is there, where we are afraid.

Give us the opportunity, the same you have,
then see our flight and the goals we have.

No pains, no gains, we agree,
But you have right to cut out wings,
WE DISAGREE !

Benefits of Reading Books

The best way to get knowledge allout anything is through a book. you cannot deny the fact that a book really is a man's best friend. we can never get bored or feel like lonely if you have a good book.

A Book can't be judged by its cover. Books gives us values, understanding and perspective beyond ourselves. People are often unaware what knowledge they get after reading books. They gain all of the valuable skills at the time of reading. Reading enhances our ability to speak and write.

Book are our best friends/companions. A book is a store house of knowledge and delight. They illuminate our mind and widen our outlooks. It also helps to increase our knowledge and make us mature in our life.

Smile

Smile is not only a style
But a chile of happiness,
A single smile just like mine
could travel round the earth,
We all do need
a plant of smile to reed
to fill the earth with the
plants of good deeds
smile is not only a style
but a pile of happiness.

DISTANT MINDS

Closed behind a door
thoughts long concealed
emotions tightly bottled up
covered, shadowed sealed.

A call, a shout,
a knock or a bell
that's all I need;
To open my shell
let them see;
what I am,
and what I dream.

Don't let my hope cease
Teach me to fly.
I will spread my wings.
and soar high in the sky

Dance - The Hidden Language of Soul

Being a Bharatnatyam dancer since last 6 years I wanted to describe how fantabulous the dance is and what had been my experience learning it... Bharatnatyam; a dance form which is initiated by Lord Shiva in the form of Nataraj originated in Tamil Nadu. It expresses South Indian religious themes, spiritual ideas, particularly of Hinduism. Every step of Bharatnatyam describes its own beauty and reveals sentences. The whole Mahabharata is described in 'Shabdham' with the steps and moves of Bharatnatyam.

It is a splendid dance form in which each and every part of our body has a role to play. The most important role is played by our face; the expressions! The typical neck, hand and leg movements give the actual representation to the dance and are called 'Mudra'. My experience is as beautiful as the dance is. If it is to be described, it cannot be in words as it is quite amazing! It makes my mind and body active. It might sound a little unusual but it is true that before any exam, I dance for half an hour to make my body and mind active. It relaxes me for once and takes away all the worries. It gives me immense pleasure. Dance should be done by everyone as it is the best workout. It can be in any form and you just have to go with flow, move to the beat and rise to face all the challenges.

The Head Girl speaks.....

Dear Patricians

St. Patrick's is where leaders are found, it is where leaders are made. It is a matter of pride and honour for me to uphold the position of the Head Girl of academic year 2022-23 of St. Patrick's Vidya Bhawan. Representing the school is not a personal achievement but it's a humbling privilege. As Head Girl, I express my immense gratitude to the Respected Sister Principal, esteemed teachers and my fellow patricians for placing their trust on the Student Council. Dear Patricians, we endeavour to be your representatives, a channel for your voices and ideas. We are happy to help and guide. We assure you that we will leave no stone unturned to help our school scale the heights of success.

Proud to be Patrician.

ISLM-A Memorable Experience

Our interaction with the students of Indonesia and Croatia was a marvellous one. Here, I would like to share my experience about the Virtual Interaction organised by the International Association of School Library team. International School Library Month is an interesting program; the main purpose of this program is to highlight the valuable role the library plays in transforming and learning by connecting students across the globe. We got this opportunity to interact with some Indonesian students, which was incredible. It was a great learning experience for all of us as we shared information on various aspects about our country like culture, art, music, tradition, about our great leaders, our great authors, etc. We spoke about different books as well like The Bhagvad Gita, books from Ruskin Bond, Swami Vivekanand, poems by Rabindranath Tagore and many more. The Indonesian students spoke about their places of tourist importance like the famous Borobudur Temple, some musical instruments, delicious cuisines and myths that they believed in. The students from Croatia acquainted us about their school's history, geographical and historical aspects of Croatia, and their fashion accessories. They displayed some of their artistic bookmarks, handmade traditional toys and Croatian currency notes. They also recommended books like Peter Pan, Wizard of Oz etc.. and many more! It was a great opportunity as it allowed us to share the idea of India in various forms. This experience added to all of our amazing memories! At last I would like to conclude that the session was very informative and interactive indeed we are looking forward for more such sessions in the near future with many more students from other countries too. I would like to thank the organising committee, teachers and school for providing such encouraging platform for learning and developing mutual understanding between students across the world.

ISLM is just a beginning, we have a long way to go...

Tribute to Motherhood !

*"Youth fades; love droops,
the leaves of friendship falls;
A Mother's secret hope outlives them all...."*

"On many an idle day I have wondered that what is it that makes a mother so special. Is it her selfless love or unfailing faith in her children? But then I realised that nothing is warmer than a mother's hug, nothing is more genuine than her concern, nothing is more loving than her presence and nothing is more tender than her gentle words.

Every act of a mother is unique in its own way. Be it the way she guides her children cheering them towards victory or wiping their tears on their failure. Often I see small children breaking free from their mother's grip and trying to run ahead of her and then sooner or later stumbling and falling and running back into her open arms after hurting themselves. One knows that one can always count on a mother in times of hardships and despair and somehow she always seems to know the best.

The efforts she puts in so that the family stays close knit, the sacrifices she makes, the values she instills in us will last a lifetime.... carrying us during our times of trials and sufferings. After all, hers are the footsteps we follow around, the hand we hold extra tight. Hers is the care that grows deeper with time and stays with us after we're grown. And our GRATITUDE deeper than words cannot express the warmth and kindness she's shown. Hers is the love that you will never forget.....

*"If I were hanged on the highest hill,
Mother O' mine, O mother O' mine!
I know whose love would follow me still,
Mother O' mine, O mother O' mine!
If I were drowned in the deepest sea,
Mother O' mine, O mother O' mine!
I know whose tears would come down to me,
Mother O' mine, O mother O' mine!"*

Trip to Kumbhalgarh

Our School Trip to Kumbhalgarh, the school trip for the class XII students, the most awaited moment arrived on 16th November 2022. Our first stoppage was the famous Jain temple of Ranakpur .The divine touch of the temple fill us with a serene aura . The striking scene of Aravalli with lush green surroundings was magnanimous. Counting pillars was directly proportional to counting stars!! The scenic beauty was decorated by the dragonflies humming in the air made us away from the worries of the world. Finally we reached at our destination ,The Everest Hill Resort. The music from Ravanatha and the fresh cold drink revived our energies, we got into our jeeps thrilled for an amazing Jeep ride to the great wall of India . After enjoying the charming beauty of Veeron Ka Math, we halted at the famous Eye of Mewar. We were elated to greet a group of foreigners with 'Namaste' and 'Khamma Ghani' . We also visited the sacred Chamunda Mata temple, the aerial view was breathtaking , a perfect landscape for an artist to paint . We were over enthusiastic for the DJ night!! The glittering sky with glittering stars and a bonfire made a perfect ambience for the great party. We were lost in the melodies of folk music and danced to its rhythm. There was still some thrill awaiting. someone started the game of spooking. We tiptoed in the the attire of Invisible Man and petrified everyone . Next morning on our return journey we visited the Haldighati and admired the bravery of Maharana Pratap. A glimpse of Lord Shiva statue left us spellbound, recently built at Nathdwara . Finally we reached Jodhpur on 17th November, a memorable trip to cherish for the rest of our lives. We extend our gratitude to Our Respected Principal, Sister Meena and teachers for this wonderful trip.

With lots of love

Give, and it will be given to you. Good measure, pressed down, shaken together, running over, will be put into your lap. For with the measure you use it will be measured back to you." Luke 6:38

This year St.Patrick's is believing in the theme of 'EUNOIA ' which literally means ' beautiful thinking'. It is an ancient Greek word which connotes on the possession of a well balanced mind which exhibits goodwill and kindness. the institution wishes to instill and nurture this virtue in the students It emphasizes a well receptive mind which is one of the greatest gifts we can receive.Cleansing the mind from narrow feelings and moving forward in the path of light, hope, benevolence and humanity.The truth that God has sent us with purpose and it is for this reason we should believe in the wonders of almighty and spread the warmth and gentleness around with our beautiful thoughts and deeds. I would like to conclude this with a quote-"Beautiful thoughts come from beautiful soul so take care of your inner beauty by thinking good."

ज्ञानोर्मि

मैं उर्मि नहीं क्षणिक आवेगों की,
जो चट्टानों से टकरा, झर जाएगी।
प्रलय की घोर घटाएँ धिर कर,
मेरा अस्तित्व मिटाएँगी।
मैं नए वेश में, नया रूप ले,
स्निग्ध सौम्य बढ़ती जाऊँगी।
मैं लहर हूँ उस रत्नाकर की,
जो गरल नहीं, रखती सुधा।
सुनहली किरणों का तेज भी,
मेरे अंतर में है बिधा।
मैं लहर हूँ आभा विश्वास की,
मैं लहर हूँ ज्ञान विशेष की।
मैं हूँ तो सृष्टि संचालित है,
मुझसे ही नव-चेतना प्रसारित है।
सबके अंदर बसी हुई हूँ,
नहीं हूँ मैं कोई विधर्मी।
प्रज्ञान से संज्ञान लेकर
निखरती जाए यह 'ज्ञानोर्मि'

नये वर्ष की नयी उमंग है,
नया जोरा है नयी तरंग है

2023

नया साल आया है,
नई उमंगें लाया है।।
खूब उपहार लाया है,
अब कैलेंडर बदलेगा।।
नया साला आया है,
नई उमंगें लाया है।।

गंदी आदतें सुधारेंगे, अच्छी
आदतें बनाएँगे।
नए कपड़े पहनेंगे,
नया साल आया है,
नई उमंगें लाया है।
पेड़ों को उगाएँगे,
पानी और धरती को बचाएँगे।
धरती को सजाएँगे,
बिजली भी बचाएँगे।
नया साला आया है,
नई उमंगें लाया है।।

आभार - सेंट पैट्रिक विद्या भवन, जोधपुर

शिक्षक के जीवन में उसका विद्यालय और वहाँ से जुड़ी यादें ही जीवन की सबसे बड़ी पूंजी होती हैं। सेंट पैट्रिक्स विद्या भवन के साथ मेरे जीवन का अधिकांश समय बहुत ही यादगार रहा। आज मैं पूरी विनम्रता और भावपूर्ण हृदय से पीछे मुड़ कर देखती हूँ तो मन सभी के प्रति आभार से भर उठता है। मेरा आभार 1987 से लेकर आज तक के प्रबंधन और इस अवधि में पद संभालने वाली सोलह प्रिंसिपल्स के प्रति भी रहा है। मैंने इन गलियारों और इन कक्षाओं में ही नहीं, बल्कि उसके अलावा कहीं भी, जहाँ मैंने और मेरे स्टूडेंट्स ने स्कूल को प्रस्तुत किया, वहाँ भी बहुत कुछ सीखा है। यहाँ मुझे सेवा, विनम्रता और टीम भावना से काम करने के सुनहरें अवसर प्राप्त हुए हैं। आप सभी ने मेरी जिंदगी को एक यादगार अनुभव बनाने में मदद की, मैं आप सभी को हृदय की गहराईयों से धन्यवाद देती हूँ। आज हमारे इस विद्यालय ने देश भर में अपनी खास पहचान बनाई है, उसके पीछे आप सभी की मेहनत और लगन छुपी है। हम इस विरासत को और आगे लेकर जायेंगे, ये ही मेरी अभिलाषा है।

पदक जीतकर सबसे आगे होंगे खड़े

पढ़ाई के साथ-साथ खेल भी जरूरी है,
दोनों आपस में जुड़ी हुई एक कड़ी है।

पिता कभी रोते नहीं हैं.....

अजीब होते हैं पिता सारा कष्ट सहते हैं,
पर कूलर की तरह, सिर्फ ठंडी हवा ही
पहुँचने देते हैं।

पता नहीं ऐसी कौन-सी मजबूरी में रहते हैं,
कुछ भी दुःख हो, हमसे नहीं कहते हैं,
परेशान होते हैं, मगर एक आँसू भी आँखों से
नहीं गिरने देते हैं।

शायद उस दिन के लिए संभाल कर रखते हैं,
जब उनका राजकुमार दूर पढ़ने-जाएगा,
और उनकी परी घर पर अपनी पहली कमाई लाएगी,
तब आँखों से आँसू बहने लगते हैं,
फूट-फूट कर बहते हैं, तब बच्चे पूछते हैं,
“पापा आप तो कभी रोते नहीं, फिर आज
यह क्या ?”

तब पिता मुस्कुराते हैं,
पिता ऐसे होते हैं।

मैं दुश्मन से नहीं डरता

मैं दुश्मन से नहीं डरता,
मैं भारत का जवान हूँ,
मरुस्थल की रेत पर खड़ा
छूता सियाचिन का आसमान हूँ।
अब परवाह नहीं मुझे,
मैंने पहन ली फौजी की वर्दी है,
पचास डिग्री रेत में राइफल तान कर कहता हूँ
कि आज बहुत सदी है।
माँ के आँचल में सोना चाहता हूँ,
पापा की प्यारी सी डाँट सुनना चाहता हूँ,
बेटी की मुस्कान याद आती है,
परिवार से मिलने की बस,
फरियाद रह जाती है।
मैं दिवाली में दिए की रोशनी का ख्याल नहीं रखता,
मैं होली में रंगों का गुलाल नहीं रखता,
मैं भारत का जवान हूँ
मैं दुश्मन से नहीं डरता।
मेरे दुश्मन पर लगी हर एक गोली
का घाव गहरा हो,
मेरे भारत का तिरंगा लहराता दिखता और सुनहरा हो।
यह भारत है जनाब,
यहाँ एक साथ मिलकर हम रहते हैं,
जहाँ फर्क नहीं हिंदू-मुसलमान में,
उसे हिंदुस्तान कहते हैं।
मैं अपनी भारत माँ का बेटा हूँ,
शहीद हो भी गया तो क्या,
मैं तिरंगे में आन, बान और शान से लेटा हूँ।

In the loving memory of....

Dear Zarin Ma'am,
You were a blessing for this institution as well as for the students. Your passion for teaching the little ones and guiding them in their studies, was commendable. Your calm, simple and serene nature and your smiling face serve as a memory of how wonderful a person you were. Your beauty and appreciation for the little things have flooded our memories forever. Ma'am, you were one of the most influential and treasured person in our lives. But, alas! You did not give us a single chance to say "Thank you". We will miss you forever.
